**AWARDS 2012**  
18<sup>th</sup> September 2012

**STATE OF THE YEAR**

**MADHYA PRADESH**

Whether it is in e-governance, treasury operations, urban planning or rural roads connectivity, state of Madhya Pradesh has emerged as a pioneer leveraging IT in each one of them.

The Directorate of Treasuries and Accounts has ensured that its 4.8 lakh employees, 4.9 lakh vendors and about 15,000 pensioners receive their payments using e-Payment system. Presently 187 treasuries / sub-treasuries are enabled for performing e-Payment.

Mukhya Mantri Gram Sadak Yojana is an example of convergence of MGNREGS MP with other schemes like PMGSY, where permanent assets are created. The roads are being developed in a cluster approach across 50 districts in Madhya Pradesh. Online monitoring, contractor details, expenditure and progress details are available on a real time basis.

The state government has also started the scheme for recovery of bank NPA against government-sponsored employment oriented, poverty alleviation and socially desirable schemes. Recovery of bank overdues is made against Revenue Recovery Certificates filed by banks as arrears of land revenue. Web based BRISC software provides real time information on recoveries to stakeholders, i.e., Tehsil, Bank Branch, Nodal District Branch, Lead District Manager, and District Collector.

Online Patwari Exam has removed manual intervention resulting in huge savings in time and improvement in efficiency. Over 100,000 candidates have applied so far, out of which 80,932 candidates were tested. The entire MIS is available online.

Further, 110 of its cities are ready with City Development Plans while CDPs of 270 municipalities are being prepared. All the CDPs are available online.

Conferred this highest independent honour in India on  
18<sup>th</sup> September 2012 at New Delhi.
